

# Program in Pedagogical Leadership

*Kari Louhivuori*

“

Veteran teacher and ex-Principal of Kirkkojarvi School, Espoo who have been instrumental in developing Finnish learning experiences since the 1970s. Throughout his career, Kari strongly emphasized on the collaborative developments of schools and organic educational leadership.

”

## Learning Objects

- ✧ The course will broaden the participant' understanding of the idea of pedagogical leadership. How PL is different than just mere administratively managing the schools?
- ✧ The future school needs shared leadership and new idea of students-teachers active role. This course will take you through the practical case studies, examples, and scenarios which leader may need to handle for developing the high performing school.
- ✧ The participants will be able to formulate and advance their visions and practices as professionals to become leaders and will share their know-how with other professionals and participants, engaging into self-reflection and applying their knowledge and skills in practice.
